

Job Title: Research Associate / Senior Research Associate

Job Type: Full-Time

The Opportunity:

X-Chem Pharmaceuticals is seeking candidates for the position of Research Associate / Senior Research Associate, Lead Discovery. X-Chem is a drug discovery company that uses DNA-encoded library (DEL) technology to discover leads for therapeutic targets. As a world leader in DEL technology, X-Chem collaborates with numerous pharmaceutical and biotechnology companies, resulting in over 70 licensed programs to date.

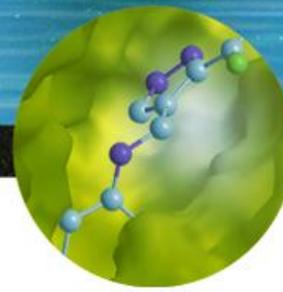

Key Responsibilities:

- Determine suitability of constructs for affinity-mediated discovery processes.
- Use X-Chem's DNA-Encoded Chemical Library technology to support a range of external projects.
- Assist in the interpretation of selection output data.
- Communicate observations, interpretations and conclusions internally and externally.
- Work closely with members of other disciplines within a matrixed organizational structure.

Required Skills and Qualifications:

- Requirements for this position include a BS or MS in biochemistry, chemistry, or a related field, with at least 1-3 years of experience with an affinity-based drug discovery technology such as DNA-encoded chemistry, SELEX, mRNA Display etc.
- An ideal candidate would also have experience in molecular biological techniques such as PCR, electrophoresis, ligation, affinity chromatography, high-throughput sequencing etc. and have the ability to independently troubleshoot.
- Attractive candidates will have a strong desire to work towards building skillsets of high quality and timely data generation, excellent communication skills and working in a fast-paced, team-oriented small biotech company on large numbers of projects simultaneously.

Why should you join us:

X-Chem offers highly competitive compensation based on prior experience and qualifications as well as comprehensive benefits in order to best support our people. Benefits we offer includes: 100% Paid Medical, Dental, STD/LTD and Life Insurance; 12 Paid Holidays; 22 days PTO; Tuition Reimbursement; Flexible Spending account for both medical and dependent care; weekly social hour; Summer Hours and company events. Our work environment includes casual dress, bike storage, free parking, and wellness perks.

About us:

X-Chem is a privately held biotechnology company whose mission is to apply its innovative drug discovery capabilities to the discovery of compounds against novel therapeutic targets.

X-Chem offers a stimulating, casual, and fun working environment; plus a competitive salary and benefits package, stock option incentives, and the opportunity for all employees to grow with the Company. X-Chem is an equal opportunity employer that complies with all applicable national, state and local laws governing nondiscrimination in employment as well as employment eligibility verification requirements of the Immigration and Nationality Act. All applicants must have authorization to work in the United States.

EEO Statement:

X-Chem is an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions, or any other characteristic protected by law.
