

## **Cell Biology Internship**

### **The Opportunity:**

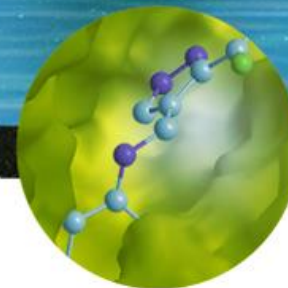

This position is for an internship in the cell biology group at X-Chem. The candidate will be working closely with and learning from scientists who have been working in the biotech/pharmaceutical industry for several years. This internship will allow the candidate to learn basic scientific techniques and experimental design along with training them to be a team player and be innovative. The intern will have an exciting research project, and will work alongside scientists and other interns in a biology lab supporting target validation and drug discovery projects.

### **Program Objectives:**

- Learn and execute various cell culture based experiments to evaluate targets in our portfolio
- Become familiar with and conduct multiple experiments including but not limited to Western blotting, protein quantification and cell viability assays
- Accurately analyze and record experimental data into the X-Chem database
- Keep precise records of daily work in lab notebook
- Present experimental data and analysis to project teams, group, and company

### **Requirements:**

The candidate must have taken courses in biological sciences or related field and should be interested in doing lab based research. Prior hands-on experience in mammalian cell culture is a must. Please indicate in your cover letter your functional area of interest and what kind of research would be exciting to you.

## About X-Chem

X-Chem is a privately held biotechnology company whose mission is to apply its innovative drug discovery capabilities to the discovery of compounds against novel therapeutic targets.

Our chemical strategy can be applied broadly to most targets in any therapeutic area, including the most challenging ones. We have built a strong team of leading experts with proven track records in innovative drug discovery and biotechnology partnering.

## Why join X-Chem?

X-Chem offers highly competitive compensation based on prior experience and qualifications as well as comprehensive benefits in order to best support our people. Benefits we offer includes: 100% Paid Medical, Dental, STD/LTD and Life Insurance; 12 Paid Holidays; 22 days PTO; Tuition Reimbursement; Stock Options; Flexible Spending account for both medical and dependent care; weekly social hour; Summer Hours and company events. Our work environment includes casual dress, bike storage, free parking, and wellness perks.

## EEO Statement

X-Chem is an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions, or any other characteristic protected by law.
